## TRAPPEN

### TIGER WITH LED FLYING INSECT TRAP

The Tiger With LED Flying Insect Trap offers eco-friendly, insecticide free pest control. Its quiet motor, durable build, and humane catch and release system make it ideal for both homes and businesses, covering up to 100 sqm indoors.

### E-CAT ULTRASOUND 900 AUTOMATIC

The E-Cat Ultrasound 900 Automatic offers advanced, chemical free pest control using ultrasonic technology. Safe for humans, pets, and electronics, it provides reliable protection against rodents and insects, ideal for homes, businesses, and industrial spaces.

### TORNADO FLYING INSECT TRAP

The Tornado Flying Insect Trap uses advanced UV technology for efficient, chemical free pest control. Built for large spaces, it offers high performance, durability, and versatility, ideal for various industries and settings.

## INSECTECH

### MOZZIE TAG

The Mozzie Tag by INSECTECH is a portable, chemical free mosquito control device. Using advanced anion technology, it purifies the air and offers continuous protection. Wear it as a bracelet or hang it nearby for on the go mosquito defense.

### MOSQUITO LAMP

The Mosquito Lamp is an eco-friendly, portable mosquito deterrent. It uses patented yellow light technology and ultrasonic like tones for safe, chemical free protection, ideal for small spaces.

### REPELLER WITH OIL

The Repeller With Oil combines ultrasonic technology with natural protection, providing up to 8 hours of chemical free pest control. Portable and eco-friendly, it also functions as a stylish night light, perfect for home or travel.

### INSECTECH AIRGUARD

The Insectech AirGuard is a portable air purifier using advanced anion and UV-C technology to eliminate airborne pollutants and allergens. Compact, quiet, and efficient, it's perfect for homes, workspaces, and shared areas.

### MOZZIE GUARD BUNDLE

The Mozzie GUARD BUNDLE x6 Cans with Mozzie Oil offers natural, eco-friendly mosquito protection. Made in Germany, this bundle includes six essential oil infused cans and a bottle of Mozzie Oil, perfect for outdoor activities.

### WASP GUARD BUNDLE

The WASP GUARD BUNDLE x6 Cans with WASP Oil is an essential oil infused air freshener that repels wasps naturally. Compact and resealable, it's perfect for outdoor activities, creating a pleasant and refreshing ambiance.

## INSECTECH

### MOZZIE GUARD OIL REFILL 10ML

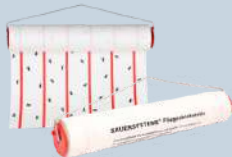

The Mozzie Guard Refill Bottle 10ml provides 100% organic, chemical free mosquito protection. Ideal for air diffusers and refillable containers, it offers a natural solution for indoor and outdoor use.

### WASP GUARD OIL REFILL 10ML

The Wasp Guard Refill Bottle 10ml offers 100% natural, chemical free wasp protection. Perfect for air diffusers and refillable containers, it's a compact, eco-friendly solution for both indoor and outdoor use.

## SAUER TRAPS

### SAUER FLY ADHESIVE ROLL

The Sauer Fly Adhesive Roll provides eco-friendly, insecticide free fly control. Its printed surface mimics natural landing spots for maximum trapping efficiency, making it safe and ideal for residential and commercial use.

### SAUER FOOD MOTH TRAPS

The Sauer Food Moth Trap provides natural, effective control for food moths. With long lasting pheromones and durable adhesive, it's perfect for bakeries, kitchens, and storage areas. Easy to use, discreet, and eco-friendly.

### SAUER CLOTH MOTH TRAPS

The Sauer Cloth Moth Trap offers eco-friendly, effective control for cloth moths. Featuring pheromone technology and durable adhesive, it's ideal for wardrobes and storage areas, providing discreet, long lasting protection.

### SAUER MOTH BOX FOR FOOD AND CLOTHS

The Sauer Moth Box for Food and Cloth offers premium, reusable moth protection. Designed for both food and clothing, it combines effectiveness, hygiene, and discreet aesthetics for sensitive areas.

### SAUER COCKROACH TRAP

The Sauer Cockroach Trap provides effective, insecticide free cockroach control. Using natural bait tablets, it attracts all cockroach types, offering a safe, eco-friendly solution for homes and businesses.

## INFINITY

### INFINITY 2000

The INFINITY 2000 is a professional fly trap with advanced UV-LED technology and adhesive surface. Ideal for industries with high hygiene standards, it offers efficient, chemical free pest control for food processing, hospitality, and commercial spaces.

### INFINITY COMPACT

The Infinity Compact is a discreet and decorative fly trap designed for hygienic, chemical free pest control in front of house and limited wall space applications. Featuring a unique, patented LED system, this compact device combines efficiency and elegance, making it ideal for customer facing environments.

## FRUFLI

### FRUFLI STARTER PACKAGE

The Frufli Starter Package provides eco-friendly, reusable fruit fly control. It includes transparent traps for monitoring and natural liquid bait, offering a simple, insecticide free solution for homes, bakeries, and commercial spaces.

### FRUFLI REFILL 250 ML

The Frufli Refill 250ml offers natural, insecticide free bait for replenishing fruit fly traps. Ideal for homes, bakeries, and commercial spaces, it ensures effective, eco-friendly pest control.

### FRUFLI REFILL 1L

The Frufli Refill 1L provides economical, natural liquid bait for large scale fruit fly control. Made from 100% insecticide free ingredients, it's perfect for reusable traps in high use environments.

## SPARE PARTS

### TIGER STAND BASE

The Tiger Stand Base provides stability and optimal positioning for the Tiger With LED Flying Insect Trap, improving its effectiveness in various environments.

### TIGER REPLACEMENT MOTOR

The Tiger Replacement Motor is a durable spare part designed to maintain smooth, efficient performance for the Tiger With LED Flying Insect Trap, extending its lifespan.

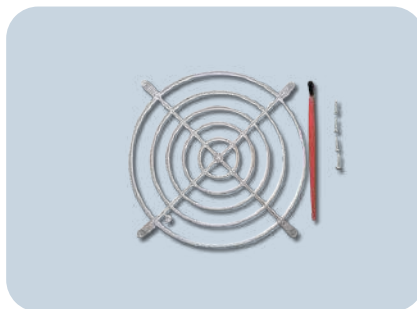

### TIGER REPLACEMENT LED

The Tiger Replacement LED features advanced actinic technology for superior insect attraction. Designed for the Tiger With LED Flying Insect Trap, it enhances performance and longevity.

### TIGER DRAWER

The Tiger Drawer is a durable replacement accessory for the Tiger With LED Flying Insect Trap. It ensures easy insect disposal, maintaining hygiene and optimal trap performance.

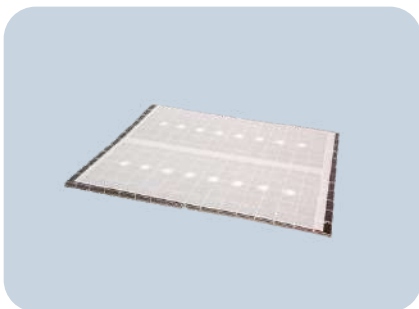

### TIGER PROTECTIVE GRID

The Tiger Protective Grid safeguards the UV light tubes of the Tiger With LED Flying Insect Trap. It enhances safety, durability, and performance, ensuring easy maintenance and reliability.

### TORNADO 20L TRAP BAG

The Tornado 20L Trap Bag, made from robust Perlon fabric, is a high capacity replacement for the Tornado Flying Insect Eliminator. It ensures efficient insect collection, hygienic disposal, and optimal device performance.

### INFINITY INL288 GLUEBOARD

The Infinity INL288 Glueboard is a durable, high-efficiency replacement for the Infinity 2000 fly trap. It ensures consistent fly catching performance in demanding environments.

### INFINITY LEDS8 UV

The INFINITY LEDS8 UV Strip enhances the INFINITY 2000 with energy efficient UV-LED technology. It offers superior insect attraction, durable construction, and reduced power consumption.

### TORNADO REPLACEMENT UV TUBES

The Tornado Replacement UV Tubes are shatterproof, high performance lamps designed for the Tornado Flying Insect Trap. They provide superior insect attraction and safety, ideal for commercial and industrial use.

## TIGER WITH LED FLYING INSECT TRAP

The Tiger With LED Flying Insect Trap offers eco-friendly, insecticide free pest control. Its quiet motor, durable build, and humane catch and release system make it ideal for both homes and businesses, covering up to 100 sqm indoors.
